Tax Arrears Reduced

Town Had Surplus Of \$13,856 In Year 1963

Only about a dozen ratepayers were present at the annual meeting of the Town of Vulcan held Monday evening in the Lodge Hall basement. E. G. McPherson acted as chairman.

A member of the auditing firm of Munn, Richards, Yeoman & Co. was present to explain the financial statement and answer any questions that might be raised. Total expenditure for the year was \$152,028 against total revenue of \$165,884, leaving a surplus for the year of \$13,856 and the ratepayers appeared to be generally satisfied that the financial affairs of the town were being conducted in good manner. Tax arrears were reduced by some \$4,000 in the past year.

The mayor's report, given by Deputy Mayor Stan Scales, noted that Vulcan had enjoyed in 1963 the second best building year in its history, with building permits totalling \$462,300. Mr. Scales said that 1964 also promised to be a

good year for the building standpoint, with two major projects being the addition of a vocational training wing to the County Central High School and the construction of a new post office.

He mentioned, too, that a by-law is needed for better control of residential development in the town. This suggestion met with the hearty approval of the ratepayers present.

Councillor C. G. Ness in his report on finance and relief noted that the assessment is now about two and a half million dollars, with property tax rate set at 55 mills and business tax at 20 mills. The town has some families on welfare, but 80 per cent of welfare cost is recoverable from the provincial government.

Figures on revenue and expenditure in connection with the water and sewer system were given by Councillor S. H. H. Joiner. The water problem appears to be solved, he said, and final work on the new system will be completed this spring.

Anglican Congress Film Shown At Claresholm

Last Thursday evening Feb. 20, a number of the members of the Anglican Church in Vulcan and Carmangay went to Claresholm to meet with members of other congregations in the Macleod-High River Deanery. They saw a film on the Anglican Congress which was held in Toronto last August and discussed vital issues which confront the Church in the world today.

Those representing St. Aldhelm's Parish Council were Herbert Mumbly, Miss M. Sissons, William Babuk, David Irwin, Charles Ottewill and Peter Schuler. The representatives from Emmanuel Church, Carmangay were Wally McIntyre and Eric Collier. The Rev. Victor Cowell was also present.

Vulcan Retains Highlanders Curling Trophy

Sixteen rinks, representing units of the Calgary Highlanders at Drumheller, Hanna, Della, Vulcan and Calgary, took part in the annual Calgary Highlanders Bonspiel, held at Vulcan this year on Saturday and Sunday, Feb. 22-23. The trophy was retained by "A" Company, Vulcan, with the winners in each event being as follows:

First Event—1, Bill Gatenby, Vulcan; 2, Don Williams, Vulcan; 3, Hanson, Drumheller; 4, McNair, Della.

Second Event—1, Frank Jepps, Vulcan; 2, D. Smith, Calgary; 3, Pohl, Vulcan; 4, Beatty, Vulcan.

Third Event—1, B. Prezeck, Calgary; 2, Courtney, Della; 3, Roberts, Calgary; 4, Mossop, Hanna.

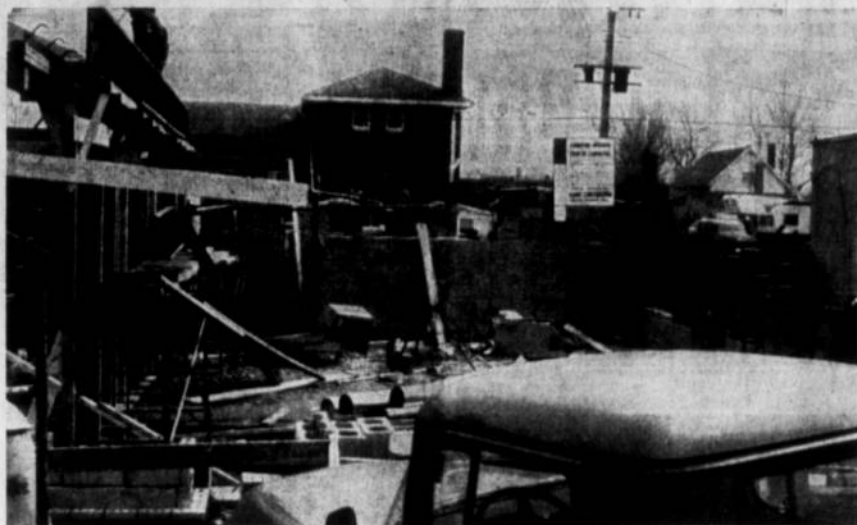

Fourth Event—1, R. Brinton, Vulcan; 2, Coffin, Drumheller; 3, Murdoch, Vulcan; 4, Engen, Vulcan.

Saturday evening about 70 curlers enjoyed a delicious turkey dinner at the armoures, prepared and served by the wives of Vulcan members of the Highlanders and visiting Highlanders were also served breakfast at the armoures Sunday morning.

Visitors on Sunday included Brigadier William Howard, Commander of 22 Militia Group, Calgary, and Lt. Col. Ian Dearnsey and Major E. Hetherington, also of 22 Militia Group.

C.W.L. Meeting

The Vulcan Council of the C.W.L. held its regular meeting Thursday, Feb. 13, at the Rectory. Father Marlen opened the meeting with the league prayer. It was decided to hold a bake sale and raffle in the latter part of March, and Mrs. Horst Thiering, Mrs. Lyle Spanke and Mrs. Louis Shaw volunteered as conveners of the various committees for this event. In the absence of the Spiritual Convener, Father Marlen explained some of the changes in the Liturgy as decreed by the Ecumenical Council. The members also discussed their preferences as to the mass being said in Latin or English.

Work is progressing on the new premises for the Canadian Imperial Bank of Commerce and the start of the wall construction is shown in the above photo. The building had reached 20 per cent completion at

the end of January and is estimated at about 35 per cent completed to the present. The laying of bricks has been on an intermittent schedule lately because of the weather and the demolishing of

the old concrete vault and foundation took longer than was anticipated but occupancy is planned early this spring.

Lomond Credit Union Shows Good Progress

The annual meeting of the Lomond Savings and Credit Union was held at the Lomond Community Centre and was attended by 54 town and district residents.

Officers of the Union were introduced and a welcome extended to visitors Dorn Ruggles, Allan McLean and Clarence Nelson of the Champion Union and Mr. Larkins and Mr. Thomas of the Vulcan Union.

The loan committee reported 25 loans processed and approved and other reports were received. It was recommended by the board of directors that four per cent dividend and ten per cent interest rebate be authorized.

Roy Hughson of the Central Credit Union was present and explained the financial statement and answered questions. A film on "Unity" was shown.

The financial statement showed the share account of the Lomond Union to be almost \$11,000, with good progress being shown each year. Members of the board of directors are Johnny Gray, Glen Root, Jack West, Bill Watson and Ross Ruggles; the supervisory committee is comprised of Wayne Ruggles, Ivan Steeves and Alex Dodds, and members of the loan committee are Mary Frost, Albert Ost and Ed Root.

Organization May Fold

Lack of Scout and Guide Leaders Felt at Lomond

(Contributed)

At a meeting of the Lomond Girl Guide Association, held in the Lomond Scout Hall last Tuesday afternoon grave concern was felt owing to the urgent need of Girl Guide leaders in the district. There is also a lack of leaders for Scouts and Cubs. The Brownies are being very ably handled by Mrs. Susan Hickock with the assistance of Miss Marilyn Frost. Miss Colleen Auld is to be thanked for keeping the Guide movement active up to now, without a Captain, but after February will not be able to continue alone.

A lot of time and money has been put into the Lomond Scout Hall by interested parents and clubs in the last six years and it is something to be proud of. But this year for the first time since organization here, Lomond had no program for Scout week, a result, it is thought, of lack of leaders and interest of the parents.

It is sincerely hoped that anyone interested in any part of the organization will please step forward and give of your time and talents. All persons, parents or otherwise, are cordially invited to attend any meeting as spectators, and to see what work has gone into the hall and the training of the children in this most worthy world-wide organization. We would not like to see the work and expense of the last few years to be thrown away, as we all know what happens to a building or a mind that sits idle. So please step forward and offer your services, no matter how small. We cannot, as parents, or citizens, be so thoughtless of our

children's well being as to ignore worthwhile needs and leave the leadership and concern to the same persons year after year. They need a break and help right now, or it is possible the next Lomond Scout and Guide news will be in the obituary column.

George M. Greaves Dies At Calgary

A farmer of the Majorville district for 41 years, George Morris Greaves of 602 12th Ave. N.E., Calgary, died on February 18, 1964, at the age of 82.

Born at Paisley, Ont., he came west to Fort Macleod in 1905 and homesteaded in the Majorville district in 1906, farming there until his retirement to Calgary in 1947.

Besides his wife, Anna, he is survived by five daughters: Mrs. A. W. (Marion) Henry, Majorville; Mrs. Harvey (Edith) Fuller, Basano; Mrs. Jim (Lela) Avery, Basano; Mrs. W. (Helma) Sharp, Milo and Mrs. Albert (Della) Whatmore, Bluffton, Alta.; two sons, Lewis of Majorville and Leslie of Calgary; 8 granddaughters, 11 grandsons, and 15 great grandchildren. Mr. Greaves was predeceased by a son, Samuel, in 1936.

Services were held at Foster's Garden Chapel, Calgary on Feb. 21, with Rev. G. W. Spady officiating, and interment was in Mount View Memorial Gardens.

High School Drama Festival Here March 14

(Contributed)

As many readers are aware, High School Drama Festivals have been held in Southern Alberta for a number of years. Recently interest has grown until one centre can no longer accommodate all the schools participating. This year, for the first time, County Central has been fortunate enough to be chosen as one of the centres. March 14 will see six plays presented in the High School Auditorium.

This is an opportunity for the people of the surrounding district to see the very best in high school dramatics. Vulcan people have long proved their interest in acting both actively and as audiences. So, without doubt, many will avail themselves of the privilege of seeing some really fine amateur acting.

The schools competing at Vulcan will be Nanton, Coaldale, Vauxhall, Nobleford and Vulcan. The program will probably consist of three plays in the afternoon and two plays in the evening. Adjudication will be by highly qualified persons obtained by the Southern Alberta Drama Festival Group.

Entries Wanted In Home Contest

Attention of readers is drawn to the Name-The Home contest which is now ending its first week. The Marquis Foundation is seeking a name for the Senior Citizens' home which is to be opened this spring and the public is invited to submit entries. These must be at the County office by March 4 to be eligible.

The Vulcan Kinsmen club has offered \$10 as cash prize for the winner.

The entry form is on page five of this issue.

Centre May Bid On Ice Plant

Two noon luncheons of the Vulcan District Recreation Centre committee have given hope of a possible purchase of part or all of an artificial ice plant at Calgary and including fixtures furnishings and equipment if it is desired and found feasible.

The Meadowlark Park Curling rink in Calgary is to be demolished to make way for a business block and is for sale by bid in its whole or in part. Members of the Recreation Centre have viewed the building and talked with officials in charge of the liquidation and found cost of this ice plant and auxiliary equipment installed with plastic pipe would be approximately \$20,000 to \$22,000. The sum of \$10,000 was one guess at a saving by this plan but more accurate figures and details are being sought and a report from the demolition expert in charge of levelling the building, will be studied before the decision on a bid will be made. This information is expected for the noon luncheon this Friday at the New Club Cafe.

One good thing about silence is that it can't be repeated.

Base Bid Is \$553,272

Bennett & White Get School Contract

Bennett & White Construction Co. Ltd. of Calgary has been awarded the contract for the building of the vocational training addition to the County Central High School in Vulcan and preliminary work on the big project got under way on Monday of this week. The successful tender was in the amount of \$553,272 and the target date for completion is August 15 of this year.

Lowest of the eight tenders received was that of Bird Construction in the amount of \$529,895. Before the bids were opened, this company had requested the architects, J. Stevenson & Associates, to withdraw their tender as they had made an error in their calculations and after the bids were opened again requested that their tender be withdrawn. The County Council decided that, subject to the approval of the Minister of Education, the low tender should not be forced to take on the contract and that it should be awarded to Bennett & White, who had the second lowest bid. This action was approved by the Minister of Education and awarding of the contract to Bennett & White was approved last week. The amount of the successful tender is well within the architects' estimates.

The other six bids received were as follows: Burns & Dutton, \$566,390; Foundation Company, \$565,287; Poole Construction, \$572,500; C. J. Oliver Co., \$562,872; Kenwood Engineering, \$554,800; Oland Construction, \$556,700.

proved last week. The amount of the successful tender is well within the architects' estimates.

The other six bids received were as follows: Burns & Dutton, \$566,390; Foundation Company, \$565,287; Poole Construction, \$572,500; C. J. Oliver Co., \$562,872; Kenwood Engineering, \$554,800; Oland Construction, \$556,700.

Town To Buy Land For Building Lots

At the regular February meeting of the Vulcan town council, building permits to the value of \$42,500 for three new residences were approved:

Don Jantzie, 26x44 frame dwelling on Lots 7-8, Block 1. Contractor, Wilson & Sons, estimated cost \$14,000.

J. L. Findlay, 30x40 frame dwelling on Lot 1, Block 22. Contractor, Wilson & Sons, estimated cost \$16,500.

George Fath, 25x40 frame dwelling on Lot 14, Block 26. Contractor, Wilson & Sons, estimated cost \$12,000.

Calgary Power Ltd., represented by local manager Howie Klippert, suggested that the town consider the possibility of increasing the number of mercury vapor lights on a systematic basis over a period of years. Calgary Power will provide such a plan at no cost to the town and council agreed to accept the plan and give it consideration.

The usual grant of \$300 was made to the Vulcan Ladies Community Society to assist in operation of the rest room.

Councillor George Richardson was named as the town's representative on the board of the Vulcan Rural Fire Protection Co-op.

First and second readings were given to a by-law to purchase the C. R. Robson property of 16.78 acres to be used for residential building lots. A price of \$1,000 per acre has been agreed on.

Curling Banquet To End Season

The 1963-64 curling season is nearing its completion and with this comes the annual President-Vice-President banquet.

This year the president's side will be hosts with a supper next Tuesday, March 3rd at the Curling Rink. This banquet is open to all members.

The men's square draw will end March 2nd with the B. Middleton rink leading the way for the C. W. Loeb Square Draw trophy.

"A" Company, Vulcan, was host to the Calgary Highlanders Annual Bonspiel last weekend while local activity this weekend will feature the high school bonspiel.

Next round in Legion playdowns will be held this weekend at Jasper with Vulcan still represented and hoping for the best. The John Wolfe rink with Ivan Haga, Mel Jordan and Frank Wythe leave early Friday for the Saturday and Sunday draws and half the male population of Vulcan has volunteered to go along as manager, promoter, public relations — any field just to get the trip.

News From The Provincial Legislature

(By Ray Speaker, M.L.A.)

This is the first of my reports to you on the sessions of the Alberta Legislature at Edmonton. I will be writing these reports with several purposes in mind.

First, I want to acquaint you with the legislation that is going to be brought down, and secondly, I would like to comment upon the legislation and explain the reason or reasons for its implementation. I sincerely feel that you, as constituents, should be kept posted on what is happening in the Legislature. An enlightened citizenry is the strongest force in a democratic society.

During the past week we have debated the speech from the throne. I was able to address the house on Tuesday, February 18, therefore in this report I would like to outline briefly some of my

remarks.

In the field of agriculture, the possibilities and potentialities of the Crop Insurance Plan with its effects on the security and success of the farmer were discussed; the serious problem which could occur due to weather conditions; and the economic needs in the area of farm income and farm productions, especially in the irrigated areas of the constituency. In discussing this latter problem stress was given to the fact that newly colonized farms were finding many difficulties. Also that farmers that owned their own land are finding higher operational costs from irrigation, labor, and machine costs causing them to have many financial difficulties.

Also at this point I would like to quote one passage of my address which makes reference to

the members of the Lake McGregor Fishermen's Association, many of which are farmers.

"In the central area of the constituency we have the McGregor Lake. This area is bounded by the communities of Lomond, Milo, Queenstown, Armada, Travers and Champion. During the past few years as I have mentioned farm production has not been up to par due to uncontrollable weather features and also this has not always been a high productive area — thus the farmers have been supplementing their incomes by commercial fishing. Now looking into this affair a little further, we may find without this income, more welfare cases could exist, along with more individuals caught by suppressing debts. We feel that we are very fortunate to have this economic impulse in this area, and

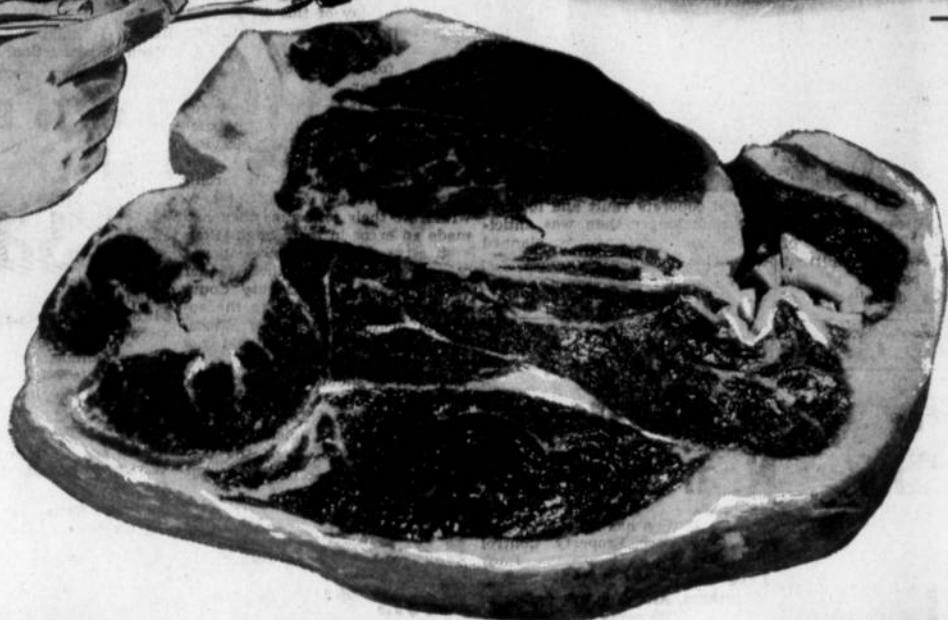

do hope that with the aid of Government administration that the working arrangement will continue to exist."

In the field of Highways, it was made clear that the people of our constituency would like to have consideration on the extension of highway 25, and on the possibilities of paved highways to provincial parks — particularly the Little Bow Park. On behalf of the constituents the minister was thanked for his cooperation he has given our constituency. Specific mention was given to the consideration the Minister has given the intersection of Highway 23 and the outlet-inlet road to Vulcan. The minister has said "we plan to improve the present canalization by providing an additional through lane on the east side of the highway opening."

CONSERVING TRASH WITH HEAVY-DUTY CULTIVATOR
The heavy-duty cultivator, equipped with 16 or 18-inch sweeps, can be either a good or a bad tillage tool for conserving protective trash cover on a summer-fallow field. A great deal depends on the operator. As much as 60 per cent and as little as none of the existing trash cover was buried by one operation in studies conducted at Lethbridge. These studies were carried out to determine the effect of speed and depth of operation on trash conservation with the cultivator.

A very delicious lunch and social period brought a very pleasant evening to a close.

BETHANY L.C.W.

The February meeting was held at the home of Mrs. Helen West and was opened with the hymn, "I Love To Tell the Story." The roll call was answered by 14 members with the name of their favorite hymn. There were also three visitors present.

Four members gave a 20-minute skit on, Christian Education, during the early years and up to the present time, which was quite interesting to all. Pastor Berg led the devotional with the Bible study taken from Acts 1 and entitled, Empowered by the Spirit to do His Will.

The usual reports were read and approved. The members voted to order drapery material for all the windows in the basement. They also decided to have wallboard and other materials ordered for covering at least the east wall in the basement of the church.

One member donated her pennies to the birthday box and was rewarded with the song, Happy Birthday, sung by the rest of the members. The meeting was adjourned with singing, My God How Wonderful Thou Art, followed by table grace.

The next meeting will be held at the home of Mrs. Zuba on March 18. Roll call will be answered with an article for babies layette. The hostess and her assistants then served a very lovely lunch to end a busy and interesting afternoon.

IN MEMORIAM

JACKSON—In loving memory of Elsie Jackson who passed away Feb. 26, 1950.

We do not need a special day
To bring you to our mind.
Each day we always think of
you,
So thoughtful and so kind.
They say time heals all sorrows,
And helps us to forget,
But time so far has only proved,
How much we miss you yet.
God gave us strength to take it,
And courage to bear the blow,
But what it means to lose you,
dear,
No one will ever know.

—Ever remembered by her husband, daughter, mother, father and brothers.
29-1p

MILLER—In loving memory of Mike, who passed away March 1, 1961.

Just a thought of sweet remembrance,
Just a memory sad and true,
Just the love and sweet devotion,
Of the ones who think of you.

—Ever remembered by Olga, Joyce, Marguerite, Betty Lou, Donna and Ronnie.
29-1p

CUTFORTH—In loving memory of a dear father and grandfather, Frank Cutforth, who passed away Feb. 26, 1960.

The years are swiftly passing
But still we don't forget,
For in the hearts that loved you
Your memory lingers yet.

—Ever remembered by the family.

CARMANGAY

KEENAN — GREEN

On Saturday, Jan. 18, at 3 p.m. the McKillop United Church at Lethbridge was the scene of a very pretty wedding when Cheryl Marlene, eldest daughter of Mr. and Mrs. Delmar Greene, was united in marriage with Michael Dale Keenan, youngest son of Mr. and Mrs. Wilson Keenan of Champion.

Rev. Sidney Bell read the marriage rites for the double-ring ceremony.

The bride entered the church on the arm of her father to the strains of Lohengren's wedding march. She wore a floor length gown of all silk taffeta fashioned with a portrait neck-line, embroidered in a lacy leaf design with lily point sleeves. The slim fitted bodice billowed out in a beautiful bouffant skirt with matching lace design.

Her bouffant veil misted from her white satin rose head-piece. She carried a white satin covered bible covered with a bouquet of deep red roses and white streamers with tiny rose buds.

Koral Greene, sister of the bride, as bridesmaid chose a pink street length dress of chiffon and lace with scoop neckline with matching headpiece and carried a nosegay of white mums and deep pink tea roses. Doug Fleming acted as best man.

The bride's mother was ushered into the church by Gordon Greene. Following the ceremony, Doris Olson very beautifully sang "A Wedding Prayer".

THE ADVOCATE

"Got the order, got a bank loan — we're all set"

When a businessman wins an order or contract, he knows he can turn to his local bank for financial assistance. A loan may be needed for one or more reasons—to lay in a supply of raw materials, to buy new equipment, to meet a payroll, or to cover other costs until the firm receives payment for its products or services.

With bank credit, companies large and small can take on projects they couldn't handle if they had to depend on their own financial resources. More-

over, the chartered banks have steadily widened the scope of their commercial lending to serve new or expanded short-term needs. Every day, local bank managers are lending to producers, manufacturers, farmers, retailers and others, to help them develop opportunities, meet competition, keep men and machines busy.

Commercial loans are one of many essential services your local bank provides, to the benefit of everyone in the community.

Vulcan Municipal Hospital District No. 19 Synopsis of Financial Statement for Year Ending 31 December 1963

— AUDITOR'S REPORT —

I have examined the balance sheet of the Vulcan Municipal Hospital District No. 19 as at 31 December 1963, the statement of revenue fund income and the statement of revenue fund expense for the year ended on that date, and the supporting statements including the supplementary detail of earnings from services to patients, the supplementary detail of revenue fund expense, and the statement of revenue fund balance. My examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, the accompanying balance sheets and statement of income, expense and surplus present fairly the financial position of the hospital as at 31 December 1963 and the results of its financial operations for the year ended on that date, as determined in accordance with generally accepted accounting principles.
